

CUSTOM CAN

UNIVERSAL PRE-CHARGED AEROSOL

Description	<p>Custom Can is a highly specified pre-charged aerosol. It can be filled with 4oz of solvent-based coatings using the majority of aerosol filling machines.</p> <p>Custom Can incorporates two innovations;</p> <ol style="list-style-type: none">1. It contains a universal solvent/propellant blend that enables the can to work effectively with any solvent-based coating.2. The multifunction nozzle/value fitting on the can enables a finish similar to that of a spray gun applied coating to be achieved.
Health and Safety Statement	<p>FOR PROFESSIONAL USE ONLY. Read full instructions before use. IMPORTANT: This product contains hazardous materials and therefore appropriate personal protective equipment should always be used. Please refer to the label and consult the material safety data sheet for full handling instructions and personal protection information. These are available via your local stockist or via the U-POL website at WWW.U-POL.COM. U-POL disclaim any liability where the user does not wear the recommended personal protective equipment.</p>
Limitations	<p>Do not charge the aerosol more than once. For optimum performance use the charged aerosol within 7 days.</p>
Surface preparation and instructions for use	<p>Custom Can may be applied using the preparation procedure shown below: -</p> <ol style="list-style-type: none">1) Thoroughly clean and degrease surfaces with UP2022 Slow degreaser or UP2012 Fast degreaser.2) Abrade surface wet or dry with 400-600 grit.3) Re-clean, dry and degrease again.
Application ¹	<p>Shake can thoroughly before use for a minimum of 2 minutes. Apply 1-2 light even coats. Allow 5 minutes flash off time between coats.</p>
Drying time	<p>Drying time is dependent upon the coating charged into Custom Can, film thickness, humidity and temperature.</p>
Product code	<p>UP0811 (CCUP/AL) - 400ml aerosol</p>
